

MAXIMUM FLOW
ECO FRIENDLY SHOWERHEAD

save \$75 in energy &
2700 gallons per year*

brush your teeth

wake the kids

start the coffee

use the toilet

pick out your clothes

feed the dog

answer the phone

...this shower will wait

Taking Your Shower Never Felt So Good!

Use **evolve** and you'll experience a luxury featured, maximum flow shower that just happens to be environmentally friendly too. Instead of conserving water while you're taking a shower, **evolve's** ShowerStart™ technology saves the hot water that's wasted before you actually get in. The result – save time, hot water, energy and money without giving up a single thing.

be resourceful

discover the beauty of doing your part
without doing without

Consider evolve's Tree Frog showerhead if you...

...like the thought of a multi-function showerhead
but know you'll never use anything but the standard spray pattern.

Now you can save a few bucks and get a great showerhead too. Solid brass fittings, anti-clog spray nozzles and integrated ShowerStart™ technology - this full coverage showerhead has all the goodies and is a solid value too.

* family of three showering daily and saving 1 minute of hot water per shower (water flow of 2.5 gpm & \$.03/gallon hot water cost).

SS-2101CP-US: chrome polish

1

Turn on your shower
Once the water gets warm, evolve automatically enters trickle mode

newfound freedom – brush your teeth, use the toilet, shave... while your shower is warming

no more guessing – you'll know (hear) the instant your shower is ready

no more guilt – hot water's not running down the drain when no one's in the shower

save – a family of 3 saving as little as one minute of hot water per shower can save up to \$75 in energy bills and 2,700 gallons of water per year (2.5 gpm & \$.03/gallon hot water cost)

2

Flip the switch to begin taking your warm, luxurious shower

key features:

ShowerStart™ technology
save time, water, energy & money without lowering water flow

maximum flow rate allowable by law
40% more than competing showerheads (2.5 gpm vs 1.8gpm)

generous 3.25" spray head

full body coverage - 48 interlaced spray nozzles

anti-clog spray nozzles

solid brass fittings
